Studio Dragon (253450.KQ)

Two tent-pole dramas currently airing worldwide (excluding China)

Studio Dragon recorded 4Q18 overseas distribution sales for its major 4Q18 tent-pole dramas Memories of the Alhambra (Netflix; global excluding China) and Encounter (Netflix: the US, UK, Japan, and India; some Asian OTT players). We expect strong 4Q18 VOD sales thanks to high demand for the firm's non-tent-pole dramas. With Memories of the Alhambra now under discussion regarding export to China, we anticipate that future China business will proceed in stages.

Worldwide distribution (including China) close at hand

Memories of the Alhambra: Studio Dragon's main 4Q18 tent-pole drama is now airing worldwide (excluding China) on Netflix, with discussions about China distribution underway. As Netflix currently has no rights to air in China, the success of discussions regarding the distribution of the drama in China would make Memories of the Alhambra the company's first tent-pole drama to be aired worldwide. With no further regions in which to distribute its tent-pole drama, we have reflected the entire production cost to be booked within 4Q18 and 1Q19, given that the programming dates are to span into 1Q19.

Encounter: The firm's other 4Q18 tent-pole drama is now airing on various OTT players, including iQIYI (Taiwan) and VIU (Hong Kong). It is likely that the drama will be exported to China and other global markets in the future.

The company's next tent-pole drama is to be Astdar Chronicles (16 episodes/season), whose production costs promise to be large—the VFX contract alone totaled W8.4bn. Recently, Studio Dragon has signed advance distribution contracts for its high-production-cost dramas prior to airing (advance sales), thereby easing profitability concerns. We anticipate that Astdar Chronicles will enjoy similar success as the firm's previous tent-pole dramas.

Favorable VOD sales likely on increasing popularity of firm's non-tent-pole dramas

Backed by rising demand for its non-tent-pole dramas, Studio Dragon posted strong 3Q18 VOD sales despite concerns over cannibalization stemming from Netflix distribution. The firm's 4Q18 VOD sales should be favorable thanks to the increasing popularity and viewership ratings of its overall dramas as well as high VOD demand for 100 Days My Prince and The Guest.

Resumption of business in China: Focus on direction not speed

Discussion is now underway regarding the export to China of Memories of the Alhambra. With restrictions on airing Korean content in the country easing, we expect the pace of distribution in China to accelerate going forward. Considering the relatively long absence of any China business, the company is likely to focus on the direction, rather than the speed, of further China business.
